Teacher's Name: Jeff Swisher

School: Gavit High School

School District: School City of Hammond

Tell about this teacher and why they should be recognized?:

During this time of Covid, he took the opportunity to call and speak to many of the students. It meant so much that he demonstrated that he cared.

What did they do that stands out this year?: He is a teacher that always cares and was willing to not just help me but other students that were struggling. He even found a way to calm my mother and gave me a path so I could graduate. Almost every student has talked about how much we will miss his class next year.
